For over a decade, Embrace has provided life changing programs and resources to vulnerable children and their caregivers. Our services are provided at no cost to the families we serve thanks to the generosity of our community, partner churches, and the many volunteers who give their time and talent to improve the lives of children. By partnering with Embrace you're helping children lingering in the foster care system find the love and stability of a forever family. You're ministering to foster parents through respite care, support groups and valuable training. You're supporting teens who age out of foster care without an adoptive family. When you volunteer or give to Embrace,

"Embrace proudly serves foster and adoptive families licensed with any child placing agency, at-risk children and their caregivers, kinship care providers, and foster care alumni. While our primary focus is Collin County, we serve families across North Texas (DFPS Region 3).

A majority of our clients are low-income children and families, and their caregivers. Most of our services and programs are provided at no cost, low-cost, or with the possibility of scholarship based on need.

Lastly, our organization exists to reflect God's heart for vulnerable, neglected, marginalized, abused and abandoned children. We do not require attendance or participation in religious/faith activities as a condition of service delivery, nor do we require adherence to religious/faith beliefs as a condition of service."
